

Department of Computer Science and Information Technology (CSIT)

## **Associate's Degrees and Certificates of Achievement**

---

The required courses in our Computer Science and Computer Information Systems degree and certificate programs undergo regular review. This ensures that the work you put into getting one carries value for future employers, as well as for transfer to other colleges. To ensure that your planning is accurate, **please refer to the current Pierce College catalog to ensure that you have the most recent information and requirements.** The current catalog is available through the Pierce College web site, [www.piercecollege.edu](http://www.piercecollege.edu).
