ANNUAL SECURITY REPORT

For

2017

This document shall be posted on the college web site and made available to all currently enrolled, and or prospective students.

A message from the College President

Pierce College remains committed to providing a safe and secure environment for all students and guests on the campus. If you, as a student, have any concerns about your safety, that of your classmates, or of staff, we encourage you to bring such concerns to the campus Sheriff's Department. It is also important to make us aware of any potentially dangerous situations so that we can address them promptly and without incident. The College's safety team (which is composed of Vice Presidents, Deans, and Directors) and the Sheriff's Department are all well-versed in college security and safety policies. Each of them support a healthy and safe campus culture and collectively will share the information to help keep the campus protected in any number of situations. Please do not hesitate to call on them if you need any assistance or see or hear of anything suspicious.

If you have an emergency, there are a number of options for you to call for help:

- Use the emergency blue phones on the campus;
- Use a campus phone to dial 4311 to reach the Sheriff's Department; or
- Dial 818-710-4311 from any phone to reach the Sheriff's Department.

Of course you can dial 911, but we ask that you follow-up with a call to the Sheriff's Department to make sure that we can also provide immediate assistance.

We hope you will find our campus to be safe and that you enjoy your educational journey with us.

Dr. Kathleen F. Burke
