

New LACCD SIS Student Portal

Need to find your Fall registration appointment? Want to search for Fall classes? Update your email password so you can see all the new features of the LACCD Student Information System (SIS) Portal. This new system gives you a single sign-on to register for classes, access your LACCD Office 365 email and OneDrive, pay your student fees, and more!

The Los Angeles Community College District announced it has launched a new LACCD Student Information System (SIS) Portal for LA Pierce College and the other colleges in the District.

This new modernized LACCD SIS Portal, which was launched in November 2016, gives every student in the District the ability to log with a single sign-on to access into all LACCD student systems (such as Office 365 email and OneDrive).

All returning and continuing students were being asked to update the password to their LACCD student email account. Among the many advantages to our new portal is enhanced security for student records. Learn how to update your student email password.

Additional features are being added to the new SIS Portal as part of transition from the current Student Information System. Students will be able to do the following in the new SIS Student Portal:

- Track the status of their 2017-2018 financial aid application (starting on February 21, 2017)
- Search the Fall 2017 course offerings at Pierce and its sister colleges (starting May 2, 2017)
- Check their Fall registration appointment, and check the features of the new Portal (starting on May 8, 2107)
- Starting May 8, 2017, check for any holds and pay online (or visit the Pierce Business Office in person) for all outstanding balances for Spring 2017 or prior semesters before their Fall 2017 registration appointment (starting on May 8, 2017)
- Register for Fall 2017 classes (starting on May 15, 2017)

Students who experience difficulties with changing his/her email password should visit or contact the [Admissions & Records Office](#).

To access the new Student Information System, visit the [LACCD Student Information System Web site](#).
